Test Cases

Test Case 1, 7:

Inputs:

adminInput: Username

adminInput: Password

compareUserPass: true

Expected Output: redirect to access database

Actual Output: ?

Pass/Fail Criterion: Actual Output == Expected Output

Test Case 2, 8:

Inputs:

userInput: Username

userInput: Password

compareUserPass: true

Expected Output: redirect to search database

Actual Output: ?

Pass/Fail Criterion: Actual Output == Expected Output

Test Case 3:

Inputs:

ExcerciseDataBase: true

userInput: ExerciseVideoA

Expected Output: redirect to videoA

Actual Output: ?

Pass/Fail Criterion: Actual Output == Expected Output

Test Case 4:

Inputs:

ExerciseDataBase: true

userInput: category

getKeyWord: keyWord

Expected OutPut: redirect to exercise category list

Actual Output: ?

Pass/Fail Criterion: Actual Output == Expected Output

Test Case 5:

Inputs:

ExcerciseDataBase: true

adminInput: newExcersiseVideo

Expected Output: new video added to database

Actual Output: ?

Pass/Fail Criterion: Actual Output == Expected Output

Test Case 6:

Inputs:

ExcerciseDataBase: true

userInput: category

getKeyWord: keyWord

Expected Output: display list of videos under category and other categories

Actual Output: ?

Pass/Fail Criterion: Actual Output == Expected Output
